

Lavender Mist

INGREDIENTS

- 3.5 oz key lime seltzer
- ¾ oz lavender syrup
- ½ tsp coconut coffee creamer
- Fresh basil

DIRECTIONS

Muddle (or place) several basil leaves in a highball glass. In the same glass, pour cold seltzer, then lavender syrup, and stir gently to combine. Finish with a few drops of coconut creamer for cloud effect.

Note We use store-bought lavender syrup as homemade doesn't seem to provide the same flavor or color.
